

IFIP Networking 2020  
June 22-26, 2020  
Paris, France

The International Federation for Information Processing (IFIP) Networking 2020 Conference (NETWORKING 2020) will be held in Paris, France. This is the 19<sup>th</sup> event of the series, sponsored by the IFIP Technical Committee on Communication Systems (TC6). Accepted papers will be published in the IFIP Digital Library and submitted to the IEEE Xplore Digital Library. High quality papers will be recommended for fast track publications in selected journals.

The main objective of Networking 2020 is to bring together academic and industrial experts of the networking community to discuss the most recent advances in networking, to highlight key issues, identify trends, and develop a vision of the future Internet from a design, deployment and operation standpoints. Networking 2020 technical sessions will be structured around the following yet non limitative areas:

- Network Architectures, Applications and Services
- Network Modeling, Analysis and Operation
- Network Security and Privacy
- Wireless Networking

## SUBMISSION GUIDELINES

The technical program committee welcomes paper submissions on all topics related to computer and communication networks. All submitted papers will be judged based on their quality and relevance through single-blind peer review. Only original papers that have not been published or submitted for review elsewhere will be considered. Submitted papers should be written in the English language, with a maximum length limit of 9 printed pages, including all the figures, references, and appendices. Papers longer than 9 pages will not be reviewed. All papers must be submitted in the Portable Document Format (PDF) electronically using EDAS. When submitting the paper, the title, all co-authors, and a concise abstract of up to 200 words should be provided to EDAS: <https://edas.info/N25747> as the metadata of the paper. The metadata should be provided before the abstract registration deadline.

An author of an accepted paper is required to register for the conference at the full (member or non-member) rate and the paper must be presented by an author of that paper at the conference unless the TPC co-chairs grant permission for a substitute presenter before the conference. Non-refundable registration fees must be paid prior to uploading the final correctly formatted, publication-ready version of the paper. Accepted and presented papers will be published in the IFIP Digital Library and IEEE Xplore Digital Library.

To ensure appropriate consideration of conflicts of interest during the review process, changes to the list of authors are prohibited once a paper has been submitted for review. Should a paper be accepted, the complete list of authors, including the ordering of authors, must remain identical as the EDAS metadata in the final camera-ready manuscript.

## IMPORTANT DATES

Title/Abstract submission: Dec 31, 2019  
Full paper submission: Jan 7, 2020  
Notification of acceptance: Apr 1, 2020  
Camera-ready version: May 7, 2020  
Full Event (Conference & workshops): June 22-26, 2020  
IFIP Networking Conference: June 23-25, 2020

## ORGANIZATION COMMITTEE

### GENERAL CHAIRS:

Guy Pujolle, Sorbonne University, France  
Raouf Boutaba, University of Waterloo, Canada

### PROGRAM CHAIRS:

Xiaoming Fu, U. Göttingen, Germany  
Silvia Giordano, SUPSI, Switzerland  
Christian Jacquenet, Orange Labs, France

### STEERING COMMITTEE:

Robert Bestak, Czech Technical University in Prague, Czech Republic  
Jordi Domingo-Pascual, UPC, Spain  
Andrea Passarella, IIT-CNR, Italy  
Henning Schulzrinne, Columbia University, USA  
Burkhard Stiller, University of Zurich, Switzerland  
Joerg Widmer, IMDEA Networks, Spain
