CALL FOR PAPERS

3ʳᵈ International Workshop on Content Caching and Distribution Networks
May 19ᵗʰ, 2006

In conjunction with IFIP Networking 2006
Coimbra, Portugal, 15-19 May, 2006

Overview

After two successful workshops organized at Sophia Antipolis by the E-Next Network of Excellence Working group on Content Distribution Networks, this third workshop held in conjunction with Networking 2006 is open to wider participation.

The workshop organizing committee is encouraging the submission of short papers in the areas related to content caching and distribution networks. In addition to current state-of-the-art research, on-going thesis work or post-doctoral research work are also welcome.

This Workshop is a forum for all researchers and practitioners as well as graduate students from Europe and outside working in the field of content distribution networks. Workshop participants will have the opportunity to interact with their peers and publicize and get feedback on their work, exchange experiences, make contact, and learn what others are doing in the same field. Students not only will be able to learn about the work from other students but also interact with well established researchers in the field who will participate to the workshop.

The workshop will be a day-long program organized in such a way to promote lively discussions.

Topics

The workshop solicits technical papers related to Internet content caching and replication, content delivery, and content services networking. Particular areas of interest include, but are not limited to:

- Caching and edge services for the wireless Web
- Caching and replication for grid computing
- Overlay networks for content delivery
- Streaming media caching
- Content placement and request routing
- Memory and storage management for content caches
- In-stream content modification (e.g., transcoding, pluggable services)
- Experiences with deployed content delivery systems

- Content gathering
- Peer-to-peer caching and content delivery
- Geographical influences on caching and replication
- Network and infrastructure support for overlays

Submissions

Authors are asked to submit their papers electronically in PDF format before the deadline to wccdn@cs.ucy.ac.cy. For the submitted paper, please use the Springer-Verlag instructions for authors at: www.springer.de/comp/lncs/authors.html. Papers should not exceed 8 pages. All submissions must include a cover page containing an abstract of about 150 words, 3-5 keywords, name and affiliation of author(s) as well as the corresponding author's e-mail and postal address.

All submissions will be reviewed by the workshop program committee and the workshop proceedings will be published. Authors of accepted papers will be expected to register and present their work in 15-minute talks at the workshop.

Important Dates

March 10, 2006: Papers Submission Deadline
April 03, 2006: Acceptance Notification
April 10, 2006: Camera ready version
May 19, 2006: Workshop Event

PC Chairs

Walid Dabbous, INRIA
Lambros Lambrinos, University of Cyprus

Program Committee

Ernst Biersack	Eurecom, France
Vania Conan	Thales, France
Carlos da Costa	ADETTI/ISCTE, Protugal
Walid Dabbous	INRIA, France
Wolfgang Effelsberg	University of Mannheim, Germany
Vera Goebel	University of Oslo, Norway
George Karetsos	TEI LAR, Greece
Lambros Lambrinos	University of Cyprus, Cyprus
Rui Lopes	ADETTI/ISCTE, Protugal
Laurent Mathy	Lancaster University, UK
Andreas Mauthe	Lancaster University, UK
Thomas Plagemann	University of Oslo, Norway
Paul Smith	Lancaster University, UK
Guillaume Urvoy-Keller	Eurecom, France
Theodore Pagtzis	Fujitsu Labs, UK
