CALL FOR PAPERS

IFIP Networking 2020

IFIP Networking 2020 Conference
Paris, France
June 22-26, 2020

The International Federation for Information Processing (IFIP) Networking 2020 Conference (NETWORKING 2020) will be held in Paris, France. This is the 19th event of the series, sponsored by the IFIP Technical Committee on Communication Systems (TC6). Accepted papers will be published in the IFIP Digital Library and submitted to the IEEE Xplore Digital Library. High quality papers will be recommended for fast track publications in selected journals.

The main objective of Networking 2020 is to bring together academic and industrial experts of the networking community to discuss the most recent advances in networking, to highlight key issues, identify trends, and develop a vision of the future Internet from a design, deployment and operation standpoints. Networking 2020 technical sessions will be structured around the following yet non limitative areas:

- ➢ Network Architectures, Applications and Services
- ➢ Network Modeling, Analysis and Operation
- ➢ Network Security and Privacy
- ➢ Wireless Networking

Submission Guidelines

Networking 2020 welcomes paper submissions on all topics related to computer and communication networks. Only original papers that have not been published or submitted for review elsewhere will be considered. Submitted papers should be written in English, with a maximum length limit of 9 printed pages, including all figures, references, and appendices.

An author of an accepted paper is required to register for the conference at the full (member or non-member) rate and the paper must be presented by an author of that paper at the conference, unless a written request before the conference for a substitute presenter to TPC Co-Chairs with compelling reasons is granted.
